mobile notes for iPad

Write on your iPad with the mobile notes for iPad.

Features:

- Attach the e-pens base unit to the 30-pin dock port then write and draw freely on the iPad's screen.
- Take meeting notes and handwrite emails on your iPad's screen.
- Turn your iPad into a mobile drawing pad.
- Convert handwritten notes to digital text on your iPad.
- Lean your hand on the screen.
- Record background sounds and write notes at the same time.
- Share notes via Dropbox, Evernote, iTunes, Mail, Photos, Facebook and Twitter.
- Works with iPad, iPad 2 and new iPad.
- Free apps available from Apple's App store.
- Digital pen includes normal stylus at opposite end to use with non-digital pen apps.
- Annotate photos on you iPad's screen.
- Easy, intuitive and natural.

Made for iPad
